Cost Relativity	5	6	5-7	5-7	6-10	4	4	5

Important Notes on the Use of this table:

- The table is intended only to be used as a general guide. Due to the many different landscape applications available, installation methods may vary according to specific requirements. Please ensure you check with our technical team if you have any questions. Further installation details may also be downloaded from our Resource Centre (you'll need to register for access).
- Any strength ratings given are relative and are subject to correct installation methods and normal intended usage.

*depending on specific profile height and thickness selected

** subject to correct installation specification
